Thank you all for your kind words and support while we work through the current situation, we’ve had contact from a number of parents who would like more regular updates and some concise updates too. We acknowledge that feedback and plan to do the following:

- Parent Bulletin re-established so any updates can be communicated.
- Social Media to be updated daily, please follow on the below channels.
- Weekly letters to continue, with further letters with big updates.

Our Social Media and Parent Bulletin will allow us to make quicker communications.

RAAC Update

Pleasingly the intrusive survey has been going well confirming more areas of the school do not have RAAC, although it is frustrating that we’ve had to close areas of the school but in the interest of safety it is always best to err on the side of caution. It is pleasing to have more areas of the school opening up including specialist areas.

FAQs

What specialist areas have been opened up?

We’re very pleased that we’ve now got our ICT rooms back and most of our technology rooms, allowing us to offer more practical elements of our curriculum.

How have you been able to get 5/7 year groups in every day?

The recent opening of the other classrooms has given us a little bit more flexibility and by carefully selecting which year groups on each day we’ve been able to get more students in school. At every opportunity it has been our aim to get as many students on site.

Any more news on the port-a-cabins?

The surveys for the groundworks are now complete with plans submitted for the next steps and the port-a-cabins being held for us. We’ve been asked to wait until the intrusive survey is completed next week so the final number of provisions can be confirmed.

What can we do to help?

We have been overwhelmed with the offers of support and help from parents and we cannot thank you enough. As the provision on site increases we are keen to get back to normality as soon as possible. Please continue to communicate any issues or concerns but also support your child by making sure uniforms are correct when they head to school. With students back on site more often we want to reduce the possible points of conflict, so we can focus on the teaching and plugging any knowledge gaps.
Shoutouts!

Year 8 Myka Holland.

Developing map Skills in geography

Year 7 students in 7x1 and 7y2 were asked by Mr Hunt to write an account of a journey, and to replace some of the words with suitable map symbols.
Shoutouts!

Mrs Navarro would like to give a shout out to the following:

Freddie Teanby
Vlada Sandu
Jack Heptinstall Bolton
Ben Gladman
Olivier Tomkins
Kieran Bragg
Kiera Hume

For exceptional commitment in science to their remote learning and bringing in all of their lesson notes to our in person lesson.

Tilly Hilliard - 1008

Miss Anley would like to give a shout out to 10y1 maths, for their amazing attitudes to learning and extraordinary efforts within our circle theorems lessons!
Shoutouts!

Libby Twiggs and Jennifer Igna from 9x2.

---

**Homework**

This Romanian poem is about a princess who falls in love with brightest star (written by Mihai Eminescu, 1888) and the star falls in love with her too, but unfortunately her love for him (the star) get betrayed by her falling in love with a human. After, the Lucoanaru (translated into star) saw his, he went to the creaser and asked to give up his mortal life to becomefasbent for his love. At the beginning of the poem, the poet shows the strong bonding the princess and the star have as ‘one looked at him with a smile’, he travelled in the mirrior because he was following her deep to catch his soul in his dream, to catch his soul. This means that Lucoanaru wants to dream about her to catch human feelings. Another anise that would emphasize his love for her would be ‘your gaze burns me! This metaphor suggests how their connection gets stronger everyday, that at a point their love burns like fire. The verb ‘gaze’ indicates that he would stare at her for hours and their love would get so powerful and would burn (it would fit up his heart). The reader could feel how that energy is still hope of Lovdz to find true love in this imperfect world. I think that the poet hoped to achieve one and make people believe that impossible can become possible if you put your effort and your mind to it.
Shoutouts!

Year 10 Geography work
**Christmas Card— House Competition**

Following the success of last year’s design, two of our students' cards were selected as our official Christmas card and sent out to over 100 associates of the school.

We are delighted to announce that we will be running this competition again this year with an entry deadline of Wednesday 18th October 2023. This is open to all students in Key Stage Three. If your child is a keen artist and would like to enter this competition please encourage them to design a card of either A4 or A5 and hand this to the Art Department teachers either Mr Barry or Miss Riley we will then judge the winner and announce them at the end of Term.

The winner and runners-up will receive House Points and a reward.
Christmas Card— House Competition

Please see a selection of last year’s entrants below:
First Qualifying Round of the National Cup and we faced Fitzwimarc away on Wednesday this week. The U13 girls played well together despite having little time to train before their first fixture together.

The Appleton girls knew it was going to be a tough game, but they worked hard to secure the win. Appleton started off the stronger side and managed to score 2 goals in the first half, one courtesy of Rosa, who dribbled from the back through a number of Fitzwimarc players and slotted the ball in the back of the net. The second goal came from a corner, Rosa delivered, and striker Rosie managed to flick the ball into the goal.

After half time Fitzwimarc managed to pick up the tempo, putting us under lots of pressure at the back and managing to grab a goal back. It was a nervous last 20 minutes but the final whistle went with the game finishing 2-1 to Appleton. Player of the match went to Emily for her solid performance along the back line.
Essex Local Offer Roadshows

Are you the parent/carer or family member of a child with Special Educational Needs and Disabilities (SEND)? Do you have questions about accessing support in your area or questions about SEND support available in Essex through Health, Education and Social Care? Would you like to link up with other parents in your area?

If you do, please come along and see us at the Roadshow. There will be representatives from Essex Family Forum, SENDIASS, health, social care as well as representatives from the education teams, SEND Navigation Leads and local support groups. The roadshow is a drop-in event with no need to book.

This term for South Essex we will be at:

Ingatestone Community Centre, 7 High Street, Ingatestone, Essex, CM4 9ED

Thursday 2 November
9am to 12.30pm

Please go to the Essex Local Offer to find out addresses and more (QR and link below).
October Half Term

BOOK ONTO A FREE HALF TERM CLUB WITH ESSEX ACTIVATE!

Eligible children and young people are invited to book onto FREE, fun-filled activity clubs who are run by a network of locally, trusted organisations across Essex, brought to you by Active Essex on behalf of Essex County Council!

IS MY CHILD ELIGIBLE?

Essex ActivAte offer club spaces to primary and secondary school aged children (4-16 years), who are eligible for benefit based free school meals, or from 'low-income' working families, as well as children who may be vulnerable to inactivity or social isolation.

WHERE WILL THE CLUBS BE RUN?

Clubs will run in Braintree, Basildon, Brentwood, Castle Point, Chelmsford, Colchester, Epping, Harlow, Maldon, Rochford, Tendring and Uttlesford! Due to half term programmes being solely funded by Essex County Council, unfortunately there will not be any clubs running in Thurrock.

WHAT DO THE CLUBS PROVIDE?

Clubs provide a range of different physical, enrichment and food activities to support children's physical and mental wellbeing, as well as a delicious, nutritious meal!

HOW DO I BOOK ONTO A CLUB?

To book your child/ren onto one of our half term clubs, you will not receive a Holiday Activities voucher from your school, and you will need to book on through the Essex ActivAte website. Simply select your area, find what clubs are available and book your child on through the link provided. Depending on the club, you may need to book through our website, or contact them directly.

Find out more about October half term clubs and book on here.
Performing Arts Extra Curricular during remote teaching

Drama Club, Wednesday Afterschool. Offered to any students on site. 3pm-4pm in the gym.

Harmonics, Thursday Afterschool. Students who have been invited to Harmonics can attend even if working from home on this day. Harmonics will start at a later time of 3.30pm-4.30pm to allow for travel and take place in i2.

Dynamix, Thursday Afterschool. Students who have been invited to Dynamix can attend even if working from home on this day. Dynamix will start at a later time of 3.30pm-4.30pm to allow for travel and take place in the gym.

Session Band, Friday Afterschool. Students who have been invited to Session Band can attend even if working from home on this day. Session Band will start at a later time of 3.30pm-4.30pm to allow for travel and take place in i3.

Any questions please contact Mrs Edwards-Ricketts, Head of Performing Arts

Update: One-to-one Instrumental lessons (with Essex Music Service)

I would like to inform all instrumental pupils that their one-to-one instrumental lessons will still be delivered this term, and will be following the format below:

For pupils who are working from home - your lesson will be as timetabled online with your instrumental tutor.
You will be sent to your tutor’s Zoom Room details to join the meeting. (This will be sent to the appropriate parents/carers through SpeedAdmin).

For pupils who are in school, your lesson will be rearranged to a later date.
Your missed lessons will be made up across the term by your individual tutors and you will still be getting your 10 lessons for the term.

We are hoping that this setup will only be temporary till we are able to work out spacing within the school. Thank you once again for your patience and support through this arrangement.

Any questions please contact Miss Thai, Head of Music
Welcome to MindCare@Appleton

We are excited to launch the new MindCare@Appleton website, spearheaded by Ms Sangha, our Head of Wellbeing and support. This webpage is for our students to help their wellbeing and mental health, and it is informed by the results from the Student Surveys conducted last term.

Please click here to access it. Students will need to log in using their school Google accounts to access it.

At the Appleton School, your child's emotional wellbeing is important to us.

With the current situation in school, we understand that your child may be experiencing some anxiety, or have some worries adapting to some of the temporary changes we have had to make in school.

If, you feel your child may need some support with their wellbeing, or would benefit from further intervention, then please feel free to contact me at the following email address: info@theappletonschool.org where it can then be forwarded onto Mrs Benson.

Where appropriate, Mrs Benson will work with your child, either remotely or in person in order to support them. If necessary, Mrs Benson is able to signpost parents/carers to other members of staff or external organisations.

May we remind you that if you have any Safeguarding concerns, then these should be directed to the school Safeguarding Team, in accordance with the school’s Safeguarding Policy. This information can be found on the school website.
Safeguarding

What Parents & Carers Need to Know about

THE DANGERS OF VAPING

What is vaping?

Vapes contain nicotine (vape juice/liquid) that is heated by a battery and vaporized, creating a cloud of vapour which the user inhales. They can be disposable (once the liquid or battery runs out, the vape is thrown away) or rechargeable (the user replaces the liquid and recharges the battery on demand). Most e-egg devices contain nicotine and other chemicals.

What are the risks?

Nicotine addiction

Since they were initially developed to help people stop smoking, the majority of e-egg products contain nicotine. Not only is nicotine addictive, but it also goes on to harm the brain development of users under 18.

Potential toxicity

Many vape liquids have been found to contain chemicals such as glycerol, PEG, and other compounds that may cause harm to the body. Some medications that suggest vaping may be particularly perilous are illegally imported e-cigarettes which don’t comply with UK regulations.

Unlock long-term consequences

The liquids in vapes also contain chemicals which have unknown long-term effects. The heat generated by the battery can cause the chemicals to break down, leading to a range of effects that may not be immediately visible.

Attractive packaging

The packaging of many disposable vapes is very appealing to young people, frequently featuring bright colours and images of attractive myths of vaping. This can create a false impression that vaping is safe and often depicted positively on social media, which can lead young people to develop favourable views of vaping and overlook the possible harms.

Environmental effects

In the UK, around 13 million disposable vapes go to landfill each week. This can lead to pollution of the environment and the waste stream.

Lack of awareness

A proportion of young people bend to look at vapour due to their misleading appearance because of the products’ stylish and cool design. Such design may not have been intended to seek the attention of young people, but it is now an important factor in their decision-making process.

Wider health concerns

Studies are already showing a link between vaping and other health problems such as cough and gum disease. There is a belief that vaping reduces the risk of smoking in young people, while some experts say that it might instead increase their likelihood of becoming hooked on nicotine before trying a real cigarette.

Unregulated vaping products

The number of schools reporting cases of vaping is increasing, and the majority of these products are not being regulated. This can lead to the use of vaping devices that may be dangerous or addictive.

Scarce information

The lack of information about the ingredients and potential dangers of these products is a concern. Some vapes are marketed as ‘nicotine-free’ or ‘harmless’, but this may not be true. It is important to know what is inhaled.

Vague ingredients lists

Many of the ingredients used in vapes are not clearly stated, which can make it difficult to ensure that they are safe. Some ingredients may be harmful, and others may be addictive.

Meet Our Expert

Run by the University of Sunderland, the Sunderland Learning, Development and Research Centre is a hub of excellence for education and research. Their team of experts can provide guidance on e-egg safety and help parents understand the risks associated with vaping.

Love Your Library Day - Event Hadleigh Library

On Saturday October 7th Hadleigh Library are hosting Love your Library Day for Teens to raise awareness of the many free services they can access simply by having a library card.

In addition, there will be a drop-in creative writing session which if successful could become a regular group held in the library.

Hadleigh Library is a welcoming and safe space for young people offering study space, free WiFi and computer access, free access to audio and e-books, and of course access to thousands of print items from over 200 libraries.
