TikTok

You must be over 13 years of age to use TikTok. Some of the videos on TikTok may not be appropriate for your child to view and there is also the risk of strangers contacting your child. If your child is using TikTok then make sure the appropriate security/privacy settings are on.

Account set up
By default, accounts for people under 16 are set to private at the start and we would recommend keeping it as this. This means your child can approve follower requests. You can read more about the other settings available (such as switching off comments and switching on restricted mode) here: https://support.tiktok.com/en/account-and-privacy/account-privacy-settings

Inappropriate content, themes and challenges on TikTok
Whilst against TikTok’s guidelines, explicit and inappropriate content can be found on this platform, for example nudity/sexual content and hate speech. We often see viral challenges on TikTok, some of which can be dangerous. If your child is using TikTok, chat to them regularly about what they are viewing and to ensure they know not to try challenges they see online.

Family Pairing
This allows you to link your own account to your child’s account. You can then set controls such as restricted mode (limit the appearance of content that may not be appropriate) and screen time management. You can find out more here: https://www.tiktok.com/safety/en/guardians-guide/

Blocking and Reporting
Ensure your child knows how to use the safety features available to them. You can find out more here: https://support.tiktok.com/en/safety-hc/report-a-problem

Steam – online games platform

Steam is an online platform where users can play video games and chat to others. It is rated 12+ on the App store for Teenagers on Google Play. You should be aware that not all games are free to play and some may include adult themes. Steam does offer ‘Family View’, which allows you to set what is accessible to your child to view. Find out how to set it up here:

Emergency SOS calls:

You can set up emergency SOS calls on your iPhone/Android, so it calls the emergency services even when your phone is locked. Here is how to set it up:

iPhone
➢ At the same time, press and hold the side button and either volume button until the sliders appear.
➢ Once the countdown on Emergency SOS ends, release the buttons.
➢ You can also enable the iPhone to start Emergency SOS when you press the side button five times.

Android
➢ Press the power button five times or more. A five-second countdown begins before emergency services are called.

Gurls Out Loud

Gurls Out Loud is a campaign from the Internet Watch Foundation, which sets out to educate girls about online sexual abuse and how to stop it. Their tag line is: “Block. Report. Tell someone you trust.” Find out more here:

Discussion Guides from Thorn

Thorn was co-founded by Ashton Kutcher and Demi Moore in 2012. It includes Thorn for Parents which contains a wide selection of discussion guides, designed to empower you to start conversations with your child. You can filter the guides by topic and age e.g., talk to your 9 year old about screen time or your 14 year old about the issue of re-sharing nudes. Each guide includes an introduction, how to start talking about the topic as well as an interactive conversation script on your child’s response.

You can find them here:
