

November 2024

Dear Parents/Carers,

As you will be aware we welcomed a team of inspectors from OFSTED for two days earlier this week. Whilst I cannot give specific details around the feedback and the report which will follow next half-term, I can share it has been an extremely positive set of outcomes for our school community, particularly around the support and wider personal development for our students and the culture and ethos of the school.

Our students, your children, have once again been fantastic ambassadors and advocates for the school with our visitors commenting on their positive behaviour in lessons as well as around the school, their good manners and strong sense of community. You have also played an important role in continuing to move the school forward, supporting our drive for high expectations over the past couple of years and, if you were able to complete the parent survey earlier in the week, we thank you for taking the time to do so.

As always, there will be areas for us to work on as a school and the inspection team have left in full confidence that the school has everything in place to move even further forward.

Thanks again for your continued support.

Yours sincerely,

Ms S Cox

Headteacher
