

October 2025

Dear Parents/Carers,

KS3 Revision Guides and Workbooks.

I'd like to take this opportunity to once again thank those of you who attended our recent KS3 Curriculum evenings. We appreciate that not all of you were able to attend and have posted the information shared on our website under 'Parents,' 'KS3 Assessment.'

Years 7, 8 and 9 are important foundational years in which students gain knowledge and develop skills that prepare them for success at GCSE. Revisiting key topics, little and often, even at this early stage of their secondary education, can have a significant impact on their Year 11 outcomes. Students also enjoy their learning and feel more confident and accomplished the more they understand the topics taught.

Many of you have inquired about the most appropriate revision guides to support your child in their studies. We are now able to offer the following, which can be bought from the school via ParentMail at a discounted price to the usual recommended retail price.

Book:	Cost via ParentMail	Usual RRP
CGP KS3 Science Complete revision and practice - Higher	£7.50	£12.99

Yours sincerely
