

9th January 2026

Dear Parent / Carer

Key Stage Four Options Process 2026

I would like to take this opportunity to update you on the timeline for Year 9 Options. This process results in Year 9 students selecting subjects that they would like to study at Key Stage Four and will form the first steps in guiding students towards their future plans. Below I have outlined all the support available to your child, which will ensure they are able to make informed option choices and are guided throughout this process. I have also included some key dates for parents to be aware of.

Monday 12th January- Friday 23rd January- Here your child will complete a number of internal examinations. This is where students will be assessed in key skills and knowledge across all their different subjects. These step current grades will then be shared with students and parents/carers, to help support with choosing their option choices.

Friday 23rd January - Your child's option booklet will be emailed to you and all our Year 9 option resources will go live on the school website. Students will attend an options assembly on this day as well, where the options process will be explained in full.

Monday 26th January onwards- Subject information talks during lesson time will take place. This is where teachers will spend 10-15 minutes during a lesson talking about their subject at GCSE level and students will have the opportunity here to ask any questions that they might have.

Thursday 29th January – Year 9 Options Presentation Evening.
