

October 2025

Dear Parents and Carers,

We are pleased to inform you, that during the upcoming October half-term, a number of departments will be offering intervention sessions for Year 11 students. These sessions are designed to provide additional support as your child prepares for their final GCSE examinations.

The aim of these interventions is to reinforce key knowledge and skills, offering targeted support from subject teachers in a focused learning environment. This is a valuable opportunity for students to deepen their understanding and boost their confidence in preparation for the exams ahead.

For each session, students should report to the Main Reception where they will be met by their teacher.

Please find the full schedule of sessions below, on the following page.

If your child would like to attend any of the sessions, please email us at info@theappletonschool.org indicating which sessions they wish to take part in.

Thank you for your continued support.

Kind regards,

Dr R Reay

Associate Assistant Headteacher
