

September 2025

Dear Parent/Carer,

We are writing to share some exciting news about the future of our school. As part of the government's School Rebuilding Programme, The Appleton School will be undergoing a major refurbishment, with the aim of creating a modern and inspiring learning environment for all our students.

The early stages of this project will involve surveys of the school's site which have already begun. We are particularly excited about the prospect of having new and improved facilities for our students. These improvements will undoubtedly enhance the learning experience for our students and support their academic and personal development.

We will keep you informed of the project's progress through updates on our website and in our regular Parent Bulletins.

We are confident that the School Rebuilding Programme will have a lasting positive impact on The Appleton School, providing our students with the best possible learning environment for years to come. We will update you again in due course. We thank you for your continued support as we embark on this exciting journey.

Yours sincerely,

Ms S Cox
Headteacher
